

OLD NATIONAL BANK

November, 2006

To: All Vigo County Employees

Re: More Free Benefits

I am excited to share some great news. As a Vigo County employee, you have numerous monetary and time-saving banking benefits through Old National. You have available through Old National an exclusive financial services package called **Bank at Work**. Several new benefits have been added to this package, such as no minimum balance and no fees on our Savings Plus Account,¹ as well as free Cashiers Checks and Money Orders². Please take a moment to review these new money savings benefits in the attached Bank at Work flyer link.

To become a Bank at Work member, you simply need a Bank at Work Checking³ with Old National that includes payroll direct deposit. If you currently bank with us and do not have our Bank at Work account, we can convert your account quickly and easily without changing your account number. Just fill out the coupon on the attached application link, either mail it, or just drop it off at one of our many branches.

And that's just the beginning! As your full-service financial partner, we've also added interactive "Financial Workshops." Topics include:

- What should my credit score be and how can I raise it?
- The six steps to financial security.
- How to improve your Debt Ratio.
- How to know if your retirement plan is on track.
- What can I do about high charge card balances?

Workshops will be offered at your work place in December, January and February. Check your employee website for the details. In addition, meet with one of our Financial Consultants at your workplace for a free financial consultation. These "Personal Banking Days" appointments will help you improve your finances today and prepare for a stronger financial future.

Employees will not need to bank with us to benefit from our Workshops and Personal Banking Days. Those employees that don't bank with us will learn information that will be valuable to them.

Once again, a Bank at Work representative will be at your location to open new accounts or change your current Old National Checking account to our Bank at Work account. In addition our representative will assist you with your financial concerns, including retirement planning, college savings plans, buying a new home, re-financing or maybe you just need to free up some monthly income. Continue to check your employee web site for dates.

Sincerely,

Karla C. Bensinger,
Affinity Banking Officer
Bank at Work Manager
812-462-7121

¹ Savings account requires automatic transfer from an Old National account to receive no minimum balance otherwise a \$4 fee applies if balance falls below \$300. ² Limit of three per month. ³ To qualify for additional benefits, a Bank at Work Checking account is required.
